1-104 JAN	369-520 APR	761-912 JUL	1145-1336 OCT
105-224 FEB	521-640 MAY	913-1016 AUG	1337-1440 NOV
225-368 MAR	641-760 JUN	1017-1144 SEP	1441-1584 DEC

Entries refer to articles or case reports unless otherwise identified.

Absenteeism, work schedules, & health (abstract) **1230**
Acid-base balance interpretation (letter) **1414**
Acid-base disorders, Computer interpretation of **834**
Acid-base interpretation **311**
Acid-base interpretation by flow chart (letter) **734**
Acid-base interpretation learned from computer (letter) **1288**
Acute-respiratory-failure therapy (point of view) **1527**
Aerosol therapy for sinusitis (report) **976**
Aerosolized antimicrobials (Drug Capsule) **1116**
Air leak, bronchopleural, during MV **408**
Air pipelines contaminated by oxygen (letter) **604**
Airway-obstruction-relief device considered dangerous (letter) **604**
Airway pressure changes during CPAP with demand valve & continuous flow devices **1200**
Airway pressure, mean, Automatic increases in, during MV **675**
Airway pressure, mean, Device for monitoring, during MV **276**
Airway resistance, increased, Ventilator pressure waveforms for (abstract) **1259**
Airways, artificial, Complications of **417**
Airways, artificial, Improved **683**
Airways, esophageal obturator, in perspective (editorial) **1369**
Airways, esophageal obturator, reviewed **1373**
Alcohol affects carbon monoxide analyzers (letter) **87**
Amer Assoc for Respiratory Therapy 1981 Annual Convention highlights (report) **298**
Aminophylline, Intravenous (Drug Capsule) **713**
Amyl nitrite production by methemoglobin **959**
Analyses of pulmonary function data by computer & by technician **62**
Analysis, transcutaneous, of blood gas **152**
Analyzer, carbon monoxide, affected by alcohol (letter) **87**
Answer key to NBRT entry level certification examination **1293**
Anti-arrhythmic drugs (Drug Capsule) **1536**
Antimicrobials, Aerosolized (Drug Capsule) **1116**
Aortic rupture (report) **709**
Arterial catheterization, Complications of **435**
Arterial catheterization during exercise testing (abstract) **1262**
Arterial micro sampling device evaluated **1210**
Arterial puncture needle size (letter) **732**
Artificial airways, Complications of **417**
Artificial airways, Improved **683**
Asbestosis (report) **1530**
Aspiration, mechanical, Complications of **453**
Asthma, Occupational (report) **1530**
Asthma research (report) **297**
Asthmatic children, Evaluation of "Superstuff" self-help for (abstract) **1254**
Asthmatic children's summer camp as educational site (abstract) **1246**
Babybird ventilator hazard (letter) **606**
Baccalaureate degree respiratory therapy programs, Predicting success in (abstract) **1246**
Barotrauma, Pulmonary **402**
Beryllium disease (report) **1530**
Biofeedback for COPD patients (abstract) **1254**
Blood collection device evaluation **1210**
Blood gas analysis, Computerized **799, 809**
Blood gas analysis, Transcutaneous **152**
Blood Gas Corner **178, 305, 601, 712, 985, 1269**
Blood gas interpretation **311**

Blood gas micro sampling device evaluation **1210**
Blood gas monitoring, transcutaneous, through dermal windows (abstract) **1240**
Blood gas syringe plunger-displacement pressure **147**
Blood specimen collection **147, 435, 732** (letter), **1210**
Blood specimen collection, Complications of **435**
Blood specimen transport via pneumatic tube (abstract) **1262**
Blow bottles, Complications of **467**
Book review: "Acute Respiratory Care" **1280**
Book review: "Automatic Ventilation of the Lungs" 3rd ed **720**
Book review: "Better Living and Breathing. A Manual for Patients" 2nd ed **611**
Book review: "Breathing Exercises for Asthma" **611**
Book review: "The CIBA Collection of Medical Illustrations, Volume 7, Respiratory System" **992**
Book review: "Clinical Cardiology" **1410**
Book review: "Clinical Simulations in Neonatal Respiratory Therapy" **1123**
Book review: "Ethical Options in Medicine" **184**
Book review: "Hemodynamic Monitoring in the Critically Ill" **83**
Book review: "Interpreting ECGs. An Advanced Self-Test Guide" **616**
Book review: "The Lung: Structure, Function and Disease" **1124**
Book review: "The Pharmacological Basis of Therapeutics" 6th ed **992**
Book review: "A Practical Guide to Financial Management in the Laboratory" **323**
Book review: "Preoperative Pulmonary Preparation. A Clinical Guide" **721**
Book review: "Pulmonary Function Techniques" **1409**
Book review: "Respiratory Patient Care" **1279**
Book review: "Seminars in Respiratory Medicine, Chronic Respiratory Insufficiency" **612**
Book review: "Teaching Myself about Asthma" **611**
Books in Print **1540**
Breathing by diffusion **1063**
Breathing, Evolution of **51, 160, 267, 569, 963, 1063, 1392**
Breathing pattern monitored by respiratory inductive plethysmography (abstract) **1264**
Bronchial fistula & MV **408**
Bronchitis, Use of expectorants in (point of view) **1398**
Bronchopleural air leak during MV **408**
Bronchoscopy protocols (report) **300**
Bubble humidifiers, Need for criteria for use of (editorial) **945**
Byssinosis as occupational lung disease (report) **1530**
Byssinosis, Epidemiology and **953**
Calculator programs to manage HFJV (abstract) **1244**
Capnogram, Mechanical influences on (abstract) **1238**
Capnography, A limitation of **167** (point of view), **995** (letter)
Capnography during MV (point of view) **169**
Carbon dioxide monitoring, transcutaneous, during neonatal transport (abstract) **1259**
Carbon dioxide monitoring, transcutaneous end-tidal, in pediatric postoperative cardiovascular patients (abstract) **1260**
Carbon dioxide: Therapeutic for what? (Drug Capsule) **1272**
Carbon monoxide analyzer affected by alcohol (letter) **87**
Carbon monoxide toxicity, Treatment of (Drug Capsule) **986**
Cardiac tamponade (report) **708**
Cardiovascular complications of MV & PEEP **402**
Cardioversion **682**
Case reports, How to write (editorial) **29**
Catheterization, arterial, Complications of **435**
Catheters, indwelling, Complications of **435**
Certification entry level examination **1049, 1058, 1074**
Certification entry level examination answer key **1293**
Charges for respiratory therapy, Variability of (abstract) **1234**
Chest cuirass use in respiratory failure of neurologic origin **271**
Chest, Flail (report) **706**
Chest injuries (report) **706**
Chest physiotherapy, Complications of **458**
Child with fever and stridor (Test Your Radiologic Skill) **1405**
Children with asthma, Evaluation of "Superstuff" self-help for (abstract) **1254**
Children with COPD, Development of sexuality in **687**
Circulatory system's role in respiration **569**
Clinical instruction in community colleges (abstract) **1244**
Clinical simulation examinations, Computer application to (abstract) **1250**
Clinical simulation examinations, Concurrent validity of (abstract) **1252**
Clinical simulation, Stressful (abstract) **1250**
Cluster training programs (abstract) **1244**
Coefficient of lung retraction, Normal (abstract) **1260**
Colleges, community, Clinical instruction in (abstract) **1244**
Complications, cardiovascular, of MV & PEEP **402**
Complications of arterial catheterization **435**
Complications of artificial airways **417**
Complications of blood specimen collection **435**
Complications of blow bottles **467**
Complications of chest physiotherapy **458**
Complications of endotracheal intubation **417**
Complications of endotracheal suctioning **453**

Complications of incentive spirometry **467**
Complications of indwelling catheters **435**
Complications of infection in respiratory therapy **445**
Complications of intermittent CPAP **467**
Complications of IPPB **467**
Complications of mechanical aids to lung inflation **467**
Complications of MV **402**
Complications of PEEP **402**
Complications of positioning **458**
Complications of respiratory therapy, Special issue on **399**
Complications of tracheostomy **417**
Complications, postoperative pulmonary, Procedures to prevent **564**
Communicable disease control **445**
Communication between therapists & physicians (points of view) **972, 974**
Compliance, static, Determination of (letters) **85, 607**
Compliance, ventilator, in determination of static total compliance (letter) **85**
Computer-age technology's impact on respiratory therapy **855**
Computer analysis versus technician analysis of pulmonary function data **62**
Computer application to clinical simulation examinations (abstract) **1250**
Computer-assisted diagnosis **799, 809, 834, 839**
Computer-assisted instruction **834**
Computer-assisted spirometry **839**
Computer, digital, Role of, in pulmonary function testing laboratory **816**
Computer interpretation of acid-base disorders **834**
Computer program for learning acid-base interpretation (letter) **1288**
Computer programs to manage HFJV (abstract) **1244**
Computer teaching model for oxygen transport (letter) **1290**
Computer terms glossary **870**
Computerization: Are we ready for it? (editorial) **797**
Computerized blood gas analysis **799, 809**
Computerized decision-making in the pulmonary function laboratory **799**
Computerized information processing **799, 821, 834, 839, 846, 855**
Computerized interpretation of blood gas/pH data: Do physicians need it? **809, 1414** (letter)
Computerized monitoring **821**
Computers, Bibliography on **866**
Computers, History of **793**
Computers in critical care & pulmonary medicine (report) **71**
Computers, Pitfalls in use of **842**
Computers' role in critical care **821**
Computers' role in pulmonary function laboratory quality control **830**
Computers, Special issue on **793**
Computing system in respiratory intensive care unit **821**
Consultants, Respiratory therapists as (point of view) **974**
Continuous distending pressure in respiratory distress syndrome **257**
Continuous negative pressure (CNP), Definition of **1478**
Contract services (points of view) **1106, 1108**
COPD = chronic obstructive pulmonary disease
COPD home care **1193** (editorial), **1194**
COPD home care cost savings **1193** (editorial), **1194**
COPD patients, Biofeedback for (abstract) **1254**
COPD patients, Exercise conditioning of (editorial) **671**
COPD patients, Exercise testing in **724**
COPD patients, Exercise training in **724**
COPD, Sexual adjustment in (letter) **329**
Cost savings of home care **1193** (editorial), **1194**
Cotton dust causing lung disease (report) **1530**
Cough-CPR **683**
Countershock, Electric **682**
CPAP = continuous positive airway pressure
CPAP airway pressure changes with demand valve & continuous flow devices **1200**
CPAP, Definition of **1478**
CPAP, high flow, Gas collection valve for **282**
CPAP in respiratory distress syndrome **257**
CPAP, intermittent, Complications of **467**
CPPV = continuous positive-pressure ventilation
CPPV, Definition of **1478**
CPR = cardiopulmonary resuscitation
CPR, Nontraditional **682**
Crepitance, subcutaneous, during MV (Test Your Radiologic Skill) **181**
Critical care, Computers' role in **821**
Cuirass, chest, used in respiratory failure of neurologic origin **271**
Death, sudden, Treatment of **682**
Defibrillation, Electric **682**
